OthoLite® Sockliner: Dual layer sockliner for more comfort, material regeneration, air circulation, and antimicrobial function.

KMS Lite: Innovative PUMA midsole that provides better cushioning and reduces weight.

M2D: Second density on the medial side to stabilize the foot during the stance phase.

Decoupled Heel Construction: Outsole and midsole geometry that decouples the impact allowing for a softer ride.

duoCELL: Long-lasting CELL unit in heel for improved shock absorbtion.

IdCELL: Low-density cushioning unit improves shock absorbtion and protects your foot.
